

EXPLANATION

-  GENERAL HEAD BOUNDARY
-  RIVER NODE
-  INACTIVE CELL
-  CELL SIMULATING BURIED RIVER VALLEY
-  —100— LINE OF EQUAL TRANSMISSIVITY --
Contour intervals 50 and 100 feet squared per day

Figure 19. Transmissivity array for layer 1 of the calibrated flow model and locations of cells simulating buried river valleys in the area of Naval Support Activity Memphis, Millington, Tennessee.
